- 1-liner – The app allows the user to learn information about any band they input.
- This project involved working together with a team in order to create an application of our own choosing. We ended up deciding to make a project based around our love of music. I was chosen to take on much of the programming while others would create and style the pages as the user would see them.
- Tools/Languages: HTML, CSS, Javascript

Work Experience

Smart & Final Extra!   November 2021 - January 2022

Cashier/Loader   Corona, CA
- I stocked and loaded shelves as well as tore down/built up endcap displays and side stacks.
- I also worked as a cashier and on multiple occasions was the main cashier for the day.
- On particular occasions I would work in the freezer as well as work Deli and Dairy
- I have very brief experience in produce, mainly with rotating and refilling.
- I am well versed in rotation as well as dealing with overstocked product and ensuring product is
- properly displayed and faced.
